## Blockley Tubes - Vintage & Race

*These tubes are of the highest quality and have Nickel plated valve stems  
Works in Bias and Radial Ply tyres - Speed rated to 149 MPH*

Blockley Tube Size	Nickel Valve Stem	Prices Each	Vintage Tire Size	<u>All these tubes have angled valve stems</u>
155/165R15	* TR11C	80.00	155/165R15	500-15, 500L15
350-19	^TR6C	85.00	350-19	TR6C is a Motorcycle Valve Stem tube
400-19	* TR11C	90.00	400-19	
400-19	^TR6C	90.00	400-19	TR6C is a Motorcycle Valve Stem tube
450/500-17-18	* TR11C	90.00	450/500-17/18	
450/500-19	* TR11C	90.00	450-19	
450/525-21/21	* TR11C	95.00	450/525-20/21	
450L15	* TR11C	90.00	450L15	
500/600-15	* TR11C	90.00	500/600-15	500L15, 600L15
550/650-17/18	* TR11C	90.00	550/600-17/18	
550-16	* TR11C	90.00	550-16	165R16
600/650L16	* TR11C	90.00	600/650L16	185R16
600/650-19	* TR11C	90.00	600/650-19	
600/700-21	* TR11C	95.00	600/700-21	
650/700L15	* TR11C	90.00	650/700L15	

\* TR11C = Nickel Metal Threaded Valve Stem with Tapered Nut for 7/16" TO 5/8" diameter wheel holes.

^ TR6C = Nickel Metal Threaded Valve Stem with Nut Washer assy for 5/16" to 3/8" diameter wheel holes

these tubes are normally used on Motor Cycles and early light weight British cars.

Note: If the wheels you are using are *narrow* we sometimes recommend using one size smaller tube than recommended above.

We have found that Dunlop 600-16 R5 tyres mounted on narrow wheels work better with a 550-16 tube but a 600L16 tube will also work.
