E	600M15 CR65	DUNLOP	Call	N	26.9	7	10.7 on 8.5	6 7	7.0 - 9.0
E	650M15 CR65	DUNLOP	Call	N	28	8	11.6 on 9.0	6 7	8.0 - 10.0

If you want the English look this is for you. Very good handling. Not DOT but treaded. These tires are very easy to drive fast on. Great feel and plenty of warning at the limits. Made in Great Britain

The CR65 and CR82 tread patterns are nearly identical in appearance.

Treaded or Treaded and slick Avon race tyres for killer looks and adhesion.

We can Hand Groove various tread patterns in these tires for the "Vintage to Modern" look!!

WET / DRY SCALE:
10 = BEST. 1 = WORST.

DOT = Street Legal

Dia = Diameter

T.W. = Tread Width

C.S. = Cross Section / Section Width

Wheels = Accepted wheel range that can be used.

If you have or plan on buying 16" or 17" wheels please ask for our tire size chart. Correct sizes are difficult to find in these diameters
